

Thank you for your interest in the high school CCD program! This packet contains some introduction information and a form for you to fill out if you are interested in becoming a catechist for the coming year.

With the new high school framework, we need more help! Each grade level has 6 different subjects that have been requested and organized into a dynamic curriculum. This means we will need more catechists than we had in the past.

Each class will run for 4-5 weeks on a specific subject so that you can go into deeper detail about some of the most important aspects of being Catholic!

As a catechist working with the youth of the parish, you will be required to attend a Virtus training session for protecting God's children and have a background check completed. This simple process will be explained to you in further detail in the future if you choose to teach.

There will be some materials provided for each class on which to base the lessons. There will be class descriptions, learning objectives, and books for you to use. We hope you choose to teach something you are interested in as well, so that you may also do some of your own research to help the learning experience be much richer for both your students and you!

For each class you teach there is a \$20 stipend. Each Wednesday night class lasts from 8:00pm- 9:00pm. We ask you to come about 20 minutes early to get set up. You are also expected to complete at least 1 hour of preparation each week outside the classroom so you are prepared coming into each class.

If you are interested in this rewarding opportunity of being a catechist and sharing the faith, please fill out the following page and return to the parish office via mail, the Sunday collection, or drop it off during office hours.

If you have any questions, please contact Megan Jock at the parish office!
